As far as the Rev Branch is concerned the only point of view from which the question has to be considered is whether requiring the St Medical & Sanitary Officer to inspect every site selected for a village is likely to cause any delay in the shifting of villages and if the Sanitary Commissioner can arrange to have such sites inspected without delay it is highly desirable to do so. The St Medical & Sanitary Officer is the ex-officio Secretary of the St Sanitary Board if any such is constituted and his opinion based on personal inspection will be of great use to the Board in deciding whether a sanitary scheme which would include the shifting of a village from an insanitary to a sanitary site, may be undertaken with benefit. For the purpose of the present case, it seems to be sufficient to send the letter with the observation that as far as possible before proposals are submitted for the shifting of village sites, they should be inspected by

To

K.S.Chandrasekhara Iyer Esq, B.A.,B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
BANGALORE.

Sir,

With reference to Govt Pro. No. R.590-1 L.R.39-08-6 dated the 27th July 1908, I have the honor to forward herewith for the information of Government copies of correspondence ending with letter No. 431 dated 14-11-08 received from the Deputy Commissioner, Chitaldrug Dist, and to state that the argument brought forward by the Deputy Commissioner for the failure to have the site in question approved by any Sanitary authority does not hold good. There is a District Medical and Sanitary Officer there and he could well have been consulted in the matter. In the interests of sanitation it is highly essential that in such matters the opinion of a sanitary authority is taken.

I have the honor to be,

Sir,

Your most obedient servant,

M.D.,
Lt.Col.I. .S.,
Sanitary Commissioner to Govt.

Department of Public Health in Mysore.
